## About the Company

[Partners for Development \(PfD\)](#) is a global organization that partners with governments and other development organizations to improve the quality of life of vulnerable people by adapting innovative but tested solutions to meet local needs. PfD delivers sustainable solutions to poverty via the participation of local organizations that take responsibility for and ownership of activities.

## Co-Investment Partnership

The Trade Hub awarded a \$500,000 grant to PfD to support its 24-month "Investment in Delta State Aquaculture" project in Delta State. This partnership focuses on strengthening the capacity of eight fish farmers associations and 600 fish farmers. These same farmers will benefit from the project boosting the capacities of 15 hatcheries and 15 fish feed distributors that supply the farmers with fingerlings and fish feed, respectively. PfD will leverage \$1.1 million of private funds to accomplish the project's ultimate goals of improving fish production in Delts State, helping sales rebound, and increasing employment in the aquaculture sector, including for women and youth. ## Partnership Opportunities

Nigeria is one of the largest farmed fish producers in Sub-Saharan Africa, with catfish being the most farmed species, including in the Niger Delta region. Investment is sought to further support fish farmers, hatcheries, and fish feed distributors to meet the growing demand for farmed fish, including for international export.
